

2020 MTSB FAMILY PREVIEW NIGHT

What: A look at this year's MTSB pregame and first halftime show

Where: Paul Brown Tiger Stadium

When: Thursday August 20th at 7pm

Who: MTSB Families

HOW...

1. Students should be dropped off at the band practice field between 6:30-6:45 for check-in (same locations and procedures as summer)
2. Families can park anywhere (except on the band practice field) and begin entering the stadium using multiple entrances.
3. Please sit in the home side bleachers (West side).
4. In order to align with the Governor's mandate, face coverings are required for spectators throughout the event. Please wear them on your way in, while you watch, and while you exit.
5. We also ask that you keep a distance of six feet or more at all times between your family and others who are not members of your household.
6. Restrooms will be open under the Home stands, however, we ask that these be used for emergency purposes only.
7. Please do not bring any food or drink (other than water) into the stadium and be sure to throw away any trash you may have. We need to clean up after ourselves as there will be no official cleaning crew.
8. Students will report to the large stretch block (WITH instruments) by 6:45 pm. After the band stretches and warms up, they will march into the stadium (like a regular game night) and perform our pregame and halftime shows starting at 7pm. (The entire performance should last approximately 30 minutes.)
9. At the conclusion of the halftime show, the band will march back to the practice field where they will be dismissed. Families can leave the stadium (with facial coverings and adhering to distance regulations) and pick up their student at that point. Thank you for your support!!
