## *Florida Chaperone Selection Process*

Dear Parent,

As you are aware, the MTSB will be traveling to Florida from March 24th-28th. We are certainly going to be taking parent chaperones along with the group. There typically is a large amount of interest from parents who'd like to go on the trip to help out in this capacity. As this is the case again this year, we will be collecting names of those who'd like to be considered for the role of chaperone for this specific trip.

If you are interested, please send an email to [jneel@massillonschools.org](mailto:jneel@massillonschools.org) so we can put you on our potential list. From there, we will be selecting our actual chaperones using the following criteria and in the following order: (1) Current Booster Officers and spouses, (2) Stadium Concession Stand Booth Chairs/spouses and Committee Chairpersons/spouses, (3) Parents\* of senior/junior band members, (4) Parents\* of sophomore/freshmen band members. (*\*Priority will be given to families who assist in helping the Booster Organization*)

We will be determining the number of needed chaperones based on the final number of students who register for the trip. Once we know how many we need, we will begin calling those on our list of interested parents starting with the Officers and then down through the list until we have the needed number of positions filled. We will likely start making these calls in early-mid August. We will NOT call anyone who is not on our potentially interested list.

Once you have been officially called to chaperone, you should then login to the Trip Composers website to register. The first payment will be due for chaperones by September 1st. If you have already registered as a chaperone on the website (before officially being called by the band), we will be unregistering you until we have made our official selections for chaperones.

Regarding the website registration: You can begin submitting payments for your student starting on July 25th - by **manually selecting the student name and applying payment only to the student**. Again, please don't make any chaperone payments at this time. IF you are confirmed as a chaperone, you can log back in and apply a payment for yourself later.

Thank you for considering helping out with this trip!!

Jason Neel  
MTSB Director
